	Jun	254	-	-	254
	Sep	-	-	-	-
Dec	-	-	-	-	

*Notes:* The number of companies registered at the end of each year is the sum of existing companies at the previous year and the new companies registered during the year minus the number of companies struck off the register. These new companies may not necessarily be operating and hence there is a difference between the number of trading enterprises and the number of companies which appear on the register.
