PREFACE

The report provides information on the Transport and Storage Industry in 2013. The information was gathered from establishments engaged in the transport and storage business. These include the provision of passenger or freight transport whether scheduled or not, by rail, pipeline, road, water or air and associated activities such as terminal and parking facilities, cargo handling, driver or operator and postal and courier services. It excludes information on transport and storage industry in the informal sector.

The important numbers presented are the macro-economic aggregates such as Gross Output, Intermediate Consumption, Value Added, Compensation of Employees, Consumption of Fixed Capital and Operating Surplus. These aggregates are combined with similar information on other industries to provide an estimate of GDP, which is a measure of our economy's size. Information made available in this report will allow us to work out the industry's contribution to the economy. Information contained in this report constitutes inputs to a national accounts system which basically provides a quantitative image of the whole economy.

Information on the Transport and Storage industry would be useful to a good number of users, for instance the;

- 1) Economist who needs to analyze supply and demand in the industry.
- 2) Planner who uses the data to forecast the economy's performance.
- 3) Investor who wishes to have a closer look at opportunities available in the Transport and Storage industry.

The cooperation of those businesses who supplied the information presented in this report is hereby acknowledged. The Bureau of Statistics will continue to seek their support as we need to continually provide reliable statistics for evidence based planning. I also would like to thank the staffs who were engaged in the conduct of the survey and the preparation of this report.

Epeli Waqavonovono
Government Statistician

NOTES

1 The interpretation of the symbols used in this report is as follows:

Nil or a figure less than half the given value

2 Total values are subject to rounding errors.

3 Key to Abbreviations:

BR	Business Register
CFC	Consumption of Fixed Capital
COE	Compensation of Employees
FBoS	Fiji Bureau of Statistics
FSIC	Fiji Standard Industrial Classification
GDP	Gross Domestic Product
GFCF	Gross Fixed Capital Formation
GO	Gross Output
IC	Intermediate Consumption
NEC	Not Elsewhere Classified
OS	Operating Surplus
SAS	Statistical Analysis System
VA	Value Added

4 VA in the report refers to Gross Value Added

1 INTRODUCTION

1.1 History of Surveys undertaken

This report contains the results of the establishments survey carried out for 2013 Transport and Storage industry (refer 2.2 on Coverage and Scope).

According to the published report titled “Survey of the Transport Industry 1973” the first survey on the transport industry was done for 1970. This report also contains estimated data on Gross Output and its components for 1968 and 1969, but the source of the data for these two years is not mentioned in the report. 1970 Survey was followed by surveys for 1971, 1972, 1973, 1976, 1981, 1990, 1995, 2002, 2008, 2011, 2012 and 2013.

Transport and storage survey started off as an annual inquiry but after the 1973 survey, was discontinued. Since then surveys on Transport and Storage have become ad hoc inquiries and are conducted by the Fiji Bureau of Statistics (FBoS) because of the need by its National Accountants to re-base the constant price Gross Domestic Product (GDP) to a more recent year. Since 2011 it is being conducted on annual basis.

1.2 Need for statistics relating to Transport and Storage

The Transport and storage industry account for a substantial proportion of the total economic activity, whether in terms of the sector to the Gross Domestic Product (GDP) or in terms of its share of total employment and Gross Fixed Capital Formation (GFCF). Statistics on transport and storage are therefore needed for the preparation of national accounts so that a meaningful study of the whole economy can be made. The data can also be used to construct the input-output table that shows the inter-connection of the transport and storage industry with other industries. Policy makers too require the data for formulating sound economic and social policies that augment capital formation. In addition, the establishments engaged in transport and storage industry find the data helpful in assessing the future direction of their businesses.

2 METHODOLOGY

2.1 Legal Basis

The survey was conducted under the provisions of the Statistics Act (Cap 71). This Act protects the confidentiality of the information submitted by the establishments and stipulates the completion of the questionnaire as well.

2.2 Coverage and Scope

The 2013 survey covered all establishments¹ operating in the transport and storage industry defined by the Fiji Standard Industrial Classification (FSIC) 2010 Section H.

¹*Transport and storage activities undertaken by the Central Government Ministries and Departments e.g. Civil Aviation and Government Shipping Service of the Ministry of Transport and Civil Aviation fell outside the scope of this survey since they fall under the scope of the Survey carried out for the General Government, results of which are contained in the report titled An Economic and Functional Classification of General Government Accounts 2013.*

The businesses engaged in the transport and storage industry provide passenger or freight transport, whether scheduled or not, by road, water, air and associated activities such as terminal and parking facilities, cargo handling, storage etc. Renting of transport equipment with driver or operator and postal and courier activities is also covered (refer Appendix II on the Industrial Classification Used).

For FSIC 49222 (Taxis) a 3.86 percent of the sample was drawn for establishments employing less than four employees.

The structural representation of the sample is as follows:

		FSIC 49222
A	Total number of establishments in Transport and storage[Total frame]	1,308
B	Number of establishments covered under total enumeration	530
C	Total number of establishments in the sample frame [A less B]	778
D	Percent sample taken [from C]	3.86
E	Number of establishments covered under the sample	30
F	TOTAL NUMBER OF ESTABLISHMENTS COVERED IN 2013 SURVEY [B+E]	560

It is nevertheless possible that some small units not employing regular paid workers may have been omitted due to difficulties in identifying them, but the nature of such units does not affect the overall result in any significant way.

2.3 Statistical Unit

The unit of reporting was the establishment (refer Appendix I on Concepts and Definitions).

2.4 The Frame

The frame utilised to survey the establishments engaged in the transport and storage industry in 2013 was the list of establishments maintained by the Fiji Bureau of Statistics (FBoS). This list is known as the Business Register (BR), which is kept updated on the basis of information supplied to the FBoS by the Fiji Revenue and Customs Authority (FRCA), Fiji National Provident Fund (FNPF), Registrar of Companies and the City and Town Councils.

2.5 Questionnaire Design

A common questionnaire was used for surveying the various industrial activities in the transport and storage industry. It called for information on the particulars of the establishment e.g. type of organisation, income, expenditure, stocks, assets and employment. Not all data collected is published here (Refer to appendix IV for sample questionnaire).

2.6 Data Collection and Survey Procedures

The questionnaires were posted on 30th June, 2014 and replies were required within a month. Response by the due date was low; therefore a reminder was issued. In extreme cases,

personal visits to obtain the questionnaires were made to those establishments that did not respond and to those establishments that required assistance in filling out the questionnaires.

Once the questionnaires were received in the office, scrutiny and editing of data contained in them followed. Errors and omissions if found, called for more correspondence, telephone calls or personal visits in an attempt to obtain complete and correctly filled up returns, which were then placed in files sorted by activity and passed on for data entry.

On completion of data entry, tables were run, data edited and analysed and reports written.

2.7 Data Processing

Data was processed by FBoS' Information Technology Business Unit using Statistical Analysis System (SAS) software.

2.8 Reference Period

The establishments contacted were to submit details for the calendar year 2013. Where the accounting year differed from the calendar year, establishments were asked to provide information for the accounting year that covered the major part of the calendar year.

2.9 Non-responding Establishments

Establishments that did not respond to the survey and establishments that operated during the whole or part of the survey reference period but became untraceable during the whole or part of the survey enumeration period due to closure or removal, were taken as non-respondents. To account for the operations of the non-responding establishments data were rated-up.

2.10 Rate-up Factors

Data of non-responding establishments were calculated using rate-up factors. The rate-up factors were derived by first sorting out establishments into types of business and then grouping these establishments into 6 "number of persons engaged" size groups of 1-4; 5-9; 10-19; 20- 49; 50-99 and 100+. Using number of persons engaged in each of this group, simple arithmetic means of Value Added (VA) were obtained. These arithmetic means were then multiplied by number of persons engaged in each of the non-responding group to estimate their data. The estimated figures for the non-responding units were then added to the figures of the responding units to arrive at the estimated data of the transport and storage industry.

The GFCF too has been estimated for non-response. Generally capital formations in small establishments, like the ones who have not responded in our inquiry, are low.

Empirically,

Let n_{ij} be the number of employees in group i of the j establishment of those surveyed and let g_{ij} be its corresponding parameter; $i = 1$ to 6 ; $j = 1$ to s , where s is all respondent.

Then estimate,

$$\hat{G}_{(i)} = \frac{\sum_{i=1}^6 \sum_{j=1}^k g_{ij}}{\sum_{i=1}^6 \sum_{j=1}^k n_{ij}} \left(\sum_{i=1}^6 \sum_{j=1}^k n_{ij} + \sum_{i=1}^6 \sum_{j=k+1}^s n_{ij} \right)$$

Where k = number responded

1 = number not responded (which is s-k)

3 RESULTS

All data contained in this report are in Fiji Dollars and in current prices.

Except for tables 1 to 5B and 8 to 10 that contain as per survey data, all other tables have been estimated for non-response.

Results of some sub-classes have been grouped together in order to protect the confidentiality of the information supplied by them.

In comparison to 2012, there has been an expansion in the transport and storage industry in 2013. The expansion is due to an increase in the Gross Output by 3.14 percent whereas the overall Intermediate Consumption declined by 4.42 percent due to fall in the intermediate cost of the airline industry. The Gross Fixed Capital Formation also showed a notable increase due to increase in the purchase of assets by the airline industry.

For supplementary information on the transport and storage industry reference can be made to Appendix I for the Concepts and Definitions, Appendix II for the Industrial Classification Used, Appendix III for the Macroeconomics Aggregates and Appendix IV for the Sample Questionnaire.

APPENDIX I

CONCEPTS AND DEFINITIONS

All concepts and definitions used in this report are based upon the recommendations of the United Nations. The major concepts and definitions and their treatment are briefly explained below.

<i>Compensation of Employees</i>	Includes payments, whether in cash or in kind, made by the employer during the inquiry period for the work done to all persons included in the count of employees. It includes all cash payments, commissions, bonuses, cost of living allowances and wages paid during periods of vacation and sick leave, contributions in respect of their employees' social security and pension and payments in kind.
<i>Consumption of Fixed Capital</i>	In theory this is the value of the current replacement cost of fixed assets used up during the accounting period as a result of normal wear and tear. The consumption of fixed capital shown in this report is derived from the information supplied by the firm. This is expected to conform largely to the requirements of Income Tax Act and no adjustment is attempted to bring this into conformity with the national accounts definition.
<i>Employment Size Group</i>	This includes paid employment as well as people engaged.
<i>Establishment</i>	An Establishment can be referred to as an enterprise that engages in one or predominantly one kind of economic activity, at or from one location, for which data are available or can be meaningfully compiled, that allow the calculation of the operating surplus.
<i>Fixed Assets</i>	Fixed assets include the value of all physical assets expected to have a productive life of more than one year and intended for use by the establishment. Included are major additions, alterations and improvements to existing fixed assets that extend their normal economic life or raise their productivity.
<i>Foreign Owned</i>	Subsidiary of an overseas company is always considered foreign owned, whereas a branch of an overseas company is only considered foreign owned if 51 per cent or more of its equity is held abroad.
<i>Gross Fixed Capital Formation</i>	This is the outlay of the transport, storage and communication industry on new and second-hand durable goods less their sales plus their own account capital construction work done on similar goods.
<i>Gross Output</i>	This is the gross value of all goods and services produced during the accounting period. Included here are net interests received, the value of capital construction for own account and other income.
<i>Intermediate Consumption</i>	Intermediate consumption consists of non-durable goods and services which have a lifetime of use of less than one year. Compensation of employees do not form part of intermediate consumption, but expenditure such as travelling expenses of management personnel are included. Intermediate consumption differs from total purchases of raw materials, fuels etc. by the amount of stock changes of such goods. Valuation of intermediate consumption is at purchasers' value i.e. it is inclusive of all costs incurred by producers in the acquisition of the required goods and services.

<i>Local Owned</i>	All companies with 51 per cent or more of its equity held in Fiji are considered locally owned.
<i>Number of Employees</i>	This includes all persons who work in the establishment and receive regular pay and persons working away from the establishment when paid by and under the control of the establishment. Also included are salaried managers, and directors of incorporated businesses except when paid solely for their attendance at board of directors meetings.
<i>Operating Surplus</i>	This is the excess of value added by producers over compensation of employees, consumption of fixed capital and net indirect taxes.
<i>Payments in kind</i>	This is defined as the net cost to the employer of those goods and services furnished to employees free of charge or at markedly reduced cost that are clearly and primarily of benefit to the employees as consumers. The item includes food, beverages, clothing (except uniforms for civilians as these are not worn off-duty) and lodging etc.
<i>Statistical Unit</i>	Statistical unit is the Unit for which information is collected.
<i>Unpaid Family Workers</i>	Unpaid family workers are persons living in the household of any of the proprietors of the owning establishment and working in the establishment without regular pay for at least one third of the working time normal to the establishment.
<i>Value Added</i>	Value added is the difference between the gross output and the intermediate consumption. It provides a useful way of measuring without duplication the economic importance of an industry or industrial sector.
<i>Working Proprietors</i>	Working proprietors are owners of establishments who are actively engaged in the work of the establishment. Excluded are silent or inactive partners.

APPENDIX 11

INDUSTRIAL CLASSIFICATION USED

SECTION H: TRANSPORT AND STORAGE from the Fiji Standard Industrial Classification 2010, commonly known as the FSIC 2010 has been used. FSIC 2010 is based on the International Standard Industrial Classification Rev 4.

TRANSPORT AND STORAGE includes the provision of passenger or freight transport, whether scheduled or not, by rail, pipeline, road, water or air and associated activities such as terminal and parking facilities, cargo handling, storage etc. Included in this section is the renting of transport equipment with driver or operator and postal and courier activities.

DIVISION	GROUP	CLASS	SUB-CLASS	DESCRIPTION
49				LAND TRANSPORT
	492			Other land transport This group includes all land-based transport activities other than ambulance transport, see 86909
		4922		Other passenger land transport This class includes renting of private cars with drivers.
			49221	Bus transport This sub-class includes regular urban, suburban or interurban transport of passengers on scheduled bus and coach routes following a published timetable and picking up and sitting down passengers at stops indicated in these timetables. Also included are transport activities of school buses and busses for transport of employees, airport shuttles and sightseeing buses
			49222	Taxi This sub-class includes taxi operation
			49223	Mini vans This sub-class includes minivan operation
		4923	49231	Freight transport by road This sub-class includes: -all freight transport operations by road such as logging haulage, stock haulage, refrigerated haulage, heavy haulage, bulk haulage including haulage in tanker trucks, haulage of automobiles, transport of waste and waste materials, without collection or disposal -furniture removal -renting of trucks with driver -freight transport by man or animal-drawn vehicles This sub-class excludes: -log hauling within the forest see 02401 -distribution of water by trucks, see 36001 -operation of terminal facilities for handling freight, see 52211 -crating and packing services for transport, see 52291

DIVISION	GROUP	CLASS	SUB-CLASS	DESCRIPTION
				-post and courier activities, see 53101, 53201 -waste transport as integrated part of waste collection activities, see 38101
50				WATER TRANSPORT
	501			SEA AND COASTAL WATER TRANSPORT
		5011	50111	Sea and coastal passenger water transport This sub-class includes: -transport of passengers overseas and coastal waters, whether scheduled or not e.g. operation of excursion, cruise or sightseeing boats, ferries, water taxis etc. -renting of pleasure boats with crew for sea and coastal water transport (e.g. for fishing cruises) This sub-class excludes: -restaurant and bar activities on board ships, when provided by separate units, see 56101 -operation of "floating casinos", see 92001
			50112	Sea and coastal freight water transport This sub-class includes: -transport of freight overseas and coastal waters, whether scheduled or not -transport by towing or pushing of barges, oil rigs etc. This sub-class excludes: -storage of freight, see 52101 -harbor operation and other auxiliary activities such as docking, pilotage, lightering, vessel salvage, see 52221 -cargo handling, see 52241
	502			Inland water transport
		5021	50211	Inland passenger water transport This sub-class includes: -transport of passengers via rivers, canals, lakes and other inland waterways, including inside harbours and ports -renting of pleasure boats with crew for inland water transport
			50212	Inland freight water transport This sub-class includes transport of freight via rivers
51				AIR TRANSPORT
	511	5110	51101	Passenger air transport This sub-class includes: -transport of passengers by air over regular routes and on regular schedules -charter flights for passengers -scenic and sightseeing flights -renting of air-transport equipment with operator for the purpose of passenger transportation
				-general aviation activities, such as transport of passengers by aero clubs for instruction or pleasure
	512	5120	51201	Freight air transport

DIVISION	GROUP	CLASS	SUB-CLASS	DESCRIPTION
				This sub-class includes: -transport freight by air over regular routes and on regular schedules -non-scheduled transport of freight by air -renting of air-transport equipment with operator for the purpose of freight transportation
52				WAREHOUSING AND SUPPORT ACTIVITIES FOR TRANSPORTATION
	521	5210	52101	Warehousing and storage This sub-class includes: -operation of storage and warehouse facilities for all kind of goods e.g. operation of grain silos, general merchandise warehouses, refrigerated warehouses, storage tanks etc. -storage of goods in foreign trade zones -blast freezing This sub-class excludes: -parking facilities for motor vehicles, see 52211 -operation of self-storage facilities, see 68101 <i>-renting of vacant space, see 68101</i>
	522			Support activities for transportation
		5221	52211	Service activities incidental to land transportation This sub-class includes activities related to land transport of passengers, animals or freight: -operation of terminal facilities such bus stations, stations for the handling of goods -operation of roads, bridges, tunnels, car parks or garages, bicycle parking -towing and road side assistance This sub-class excludes: -cargo handling, see 52241
		5222	52221	Service activities incidental to water transport This sub-class includes activities related to water transport of passengers, animals or freight: -operation of terminal facilities such as harbours and piers -operation of waterway locks etc. -navigation, pilotage and berthing activities -lighterage, salvage activities -lighthouse activities
				This sub-class excludes: -cargo handling, see 52241 -operation of marinas, see 93299
		5223	52231	Service activities incidental to air transport This sub-class includes activities related to air transport of passengers, animals or freight: -operation of terminal facilities -airport and air-traffic-control activities -ground service activities on airfields etc. -firefighting and fire-prevention services at airports

DIVISION	GROUP	CLASS	SUB-CLASS	DESCRIPTION
				This sub-class excludes: -cargo handling, see 52241 -operation of flying schools, see 85301, 85499
		5224	52241	Cargo handling This sub-class includes: -loading and unloading of goods or passengers' luggage irrespective of the mode of transport used for transportation -stevedoring This sub-class excludes: -operation of terminal facilities, see 52211, 52221 and 52231
		5229	52291	Other transport support activities This sub-class includes: -forwarding of freight -arranging or organizing of transport operations by road, sea or air -organization of group and individual consignments (including pickup and delivery of goods and grouping of consignments) -logistics activities, i.e. planning, designing and supporting operations of transportation, warehousing and distribution -issue and procurement of transport documents and waybills -activities of customs agents -activities of sea-freight forwarders and air-cargo agents -brokerage for ship and aircraft space goods-handling operations, e.g. temporary crating for the sole purpose of protecting the goods during transit, uncrating, sampling, weighing of goods This sub-class excludes: -courier activities, see 53201 -provision of motor, marine, aviation and transport insurance, see 65121 -activities of travel agencies, see 79111 -activities of tour operators, see 79121 -tourist assistance activities, see 79901
53				POSTAL AND COURIER ACTIVITIES
	531	5310	53101	Postal activities This sub-class includes the activities of postal services operating under a universal service obligation. The activities include use of the universal service infrastructure, including retail locations, sorting and processing facilities, and carrier routes to pickup and deliver the mail. The delivery can include letter-post, i.e. letters, postcards, printed papers (newspaper, periodicals, advertising items, etc.), small packets, goods or documents. Also included are

DIVISION	GROUP	CLASS	SUB-CLASS	DESCRIPTION
				<p>other services necessary to support the universal service obligation and they are:</p> <ul style="list-style-type: none"> -pickup, sorting, transport and delivery (domestic or international) of letter-post and (mail-type) parcels and packages by postal services operating under a universal service obligation. One or more modes of transport may be involved and the activity may be carried out with either self-owned (private) transport or via public transport. -collection of letter-mail and parcels from public letter-boxes or from post offices -distribution and delivery of mail and parcels <p>This sub-class excludes:</p> <ul style="list-style-type: none"> -postal giro, postal savings activities and money order activities, see 64199
	532	5320	53201	<p>Courier activities</p> <p>This sub-class includes courier activities not operating under a universal service obligation and includes:</p> <ul style="list-style-type: none"> -pickup, sorting, transport and delivery (domestic or international) of letter-post and (mail-type) parcels and packages by firms not operating under a universal service obligation. One or more modes of transport may be involved and the activity may be carried out with either self-owned (private) transport or via public transport. -distribution and delivery of mail and parcels -home delivery services <p>This sub-class excludes:</p> <ul style="list-style-type: none"> -transport of freight, see according to mode of transport

2013 SURVEY OF TRANSPORT AND STORAGE

Tax Identification Number:

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

Please correct any errors appearing in this label.

Dear Sir\Madam,

Enclosed are two copies of the 2013 Census of Transport and Storage questionnaire.

COVERAGE AND SCOPE: It covers all establishments engaged in the Transport and Storage Industry classified under the Fiji Standard Industrial Classification 2010's Tabulation Category H (refer note on page 2). If an establishment's transport and storage activities are combined with other types of business, you should report on the transport and storage side of the operations only.

PURPOSE: The census provides an important means of assessing the contribution this sector makes to the economy of Fiji, and indicates the changing composition and structure of the industry. The results of the Census will be used by the Fiji Bureau of Statistics in the estimation of the National Income of Fiji and in the provision of other key indicators.

REFERENCE PERIOD: Reference period is the calendar year 2013. If your accounting year is different provide information approximating closest to the calendar year 2013. Limited liability companies are requested to submit a copy of their financial statements with the questionnaire.

COMPULSORY REQUIREMENT: The Census is conducted under the provisions of the Statistics Act (Cap 71). In accordance with Section 8 subsection 2 of this Act you are required to fill in one copy of the questionnaire and return it to the undersigned on or before **30\07\14**. Failure to meet this deadline could result in legal action without further notice..

CONFIDENTIALITY OF INFORMATION: Information supplied will be used by the department for the preparation of statistics. Any release of information will be in accordance with the Statistics Act and only authorised persons will have access to individual information.

CONTACT PERSON FOR HELP AND ADVICE: Mr Ashish Asvin Chand on extension 112 or email achand@statsfiji.gov.fj

Epeli Waqavonovono
Government Statistician

NOTE: Under the Fiji Standard Industrial Classification 2010 Transport and Storage and includes all units mainly engaged in providing passenger or freight transport whether scheduled or not, by road, water or air. Also included are auxiliary activities such as terminal facilities, car parking, stevedoring, harbour services, navigation services, airport operation or space port operation, booking, travel, freight forwarding, crating or customs agency services. Storage facilities, postal and courier services too are included.

ORGANISATIONAL STRUCTURE

- 1 A business can have more than one establishment involved in similar or different activities at different locations. State the location, the type of activity engaged in and the Gross Turnover of each establishment during the year.

FORM OF OWNERSHIP

- 4 (1) Fiji owned:
This is an establishment operating in Fiji in which 51% or more equity is held locally.
- (2) Branch of an overseas company:
This is an establishment operating in Fiji which is controlled by or supervised by an overseas head office and which is an integral part of the foreign parent organisation. Branch has no equity share capital.
- (3) Subsidiary of an overseas company:
A company is a subsidiary of another if that other company owns this subsidiary wholly or holds more than half the nominal value of the equity share capital of this subsidiary company.

EQUITY PARTICIPATION

- 5 Give the proportion of the share capital held by residents of Fiji. Equity share capital held by companies or individuals on behalf of residents of Fiji should also be included.

NATURE OF WORK

- 6 In cases where establishments are involved in more than one activity at a single location, please state the major activity involved in.

OPERATING STATUS

- 7 If you are no longer in business, a **STATUTORY DECLARATION** must be attached to one copy of the questionnaire with the words “**CLOSED BUSINESS**” written across the questionnaire and returned to the Fiji Bureau of Statistics. The Statutory Declaration must be signed by a Magistrate or a Barrister\Solicitor, Justice of Peace or a member of the Notary Public acting on your behalf. The Statutory Declaration must state the name of the business, nature of its activity and the date on which it ceased operation. If your business operated for part of the year 2013 please provide information for the duration your business operated.

QUESTIONNAIRE

All relevant questions must be answered with clear and correct figures. Estimates will be accepted where actual data are not available. Values **excluding VAT** are to be expressed in Fiji Dollars.

ORGANISATIONAL STRUCTURE

1	Does this business operate at more than one location?			
	Please tick the appropriate box: No Yes If yes, please give details below:			
	NAME OF ESTABLISHMENT\BRANCH (1)	PHYSICAL LOCATION OF BUSINESS (2)	MAIN TYPE OF BUSINESS OR ACTIVITY (3)	GROSS TURNOVER (4)
	Note: This return is required for the addressed establishment only. In case this is not possible, a combined return with similar main activities may be submitted. If the information cannot be provided on this basis, please state the reasons:			
	Remark: Please comment here to assist in the interpretation of data supplied:			
	IMPORTANT: PLEASE ANSWER THE FOLLOWING:			
	<ul style="list-style-type: none"> • Do you operate from your own base? • How many taxies operate from your base? • How many taxies do you own? 			

ACCOUNTING PERIOD

2	Please state the accounting period: From \ \2013 To \ \2013
---	----------------------------------------------------------------------------

LEGAL STATUS OF ORGANISATION

	Please tick appropriate box			
3	Individual ownership	1	Partnership	2
	001 Co-operative	3	Private Limited Company	4
	Public Limited Company	5	Public or Statutory Body	6
	Non-Profit Organisation	7	Others (specify)	8

PURCHASES OF MATERIALS AND SUPPLIES

20 State in detail the total value of materials, including packing materials and containers, purchased during the year. In arriving at the value, deduct trade discounts received.

The cost of transport should be included in question 33 unless it is accounted for as part of the selling price.

Direct import by establishments should be reported at cost.

Exclude VAT paid on supplies of goods and services.

FUEL, ELECTRICITY AND WATER

24-27 Fuel purchased other than fuel purchased for resale should be included.

28 This should include the cost of electricity purchased for lighting, air conditioning, refrigeration etc.

OTHER EXPENDITURE

30-31 Repairs and maintenance costs paid to other firms covers the total costs of current repair and maintenance service provided by such firms on repairs done on vehicles, building etc, of the establishment. Current repair and maintenance carried out by an ancillary repair and maintenance unit which has been treated as an independent establishment should be included.

33 Cartage and haulage expense includes payment for the transportation of goods and materials within the country. It excludes cost of transport carried out by your own equipment and employees.

35 Contract and commission work done by other establishments on your materials covers payments made by the establishment for contract and commission work done on materials controlled by your establishment.

41 a) Includes payment in respect of leased\rented land. If it is not possible to separate payments made for land from building, please include expenditure in question 40.

b) Interest payments include interest on long-term debts and interest on any other money the establishment has borrowed.

PURCHASES OF MATERIALS AND SUPPLIES

	Please state material purchased in connection with the operation of your business.	VALUE (\$)
20	Tyres and tubes	021
21	Batteries	022
22	Spare parts and accessories for current repairs	023

45	Casualty insurance	057
46	Fiji National University (FNU) Levy	058
47	Exchange losses	059
48	Loss on sale of fixed assets	060
49	Depreciation claimed (to agree with question 60(7))	061
50	All other costs and expenses	062

	Total other expenditure(Codes 033 to 062 excluding 052)	063

EMPLOYMENT AND COMPENSATION OF EMPLOYEES

- 51 Please note that the information in respect of employment is for the last pay-week in June 2013 but the rest of the question requires data for the appropriate accounting year.

Gross wages and salaries includes overtime, sick and holiday pay, bonuses, payments under piece rate schemes, all allowances, severance and redundancy pay, sales commissions paid to own employees and directors fee etc.

Payment in kind is the cost to the employer for providing employees with housing, transport, clothing, food, drinks, fuels, etc free of charge or at a reduced rate.

Operatives includes all employees directly engaged in the activity of the establishment, e.g. those in fabrication, processing, assembling, shop messengers, warehouse men, packers and repair men etc. Casual workers should also be included here.

Others include administrators, technical and clerical personnel, e.g. salaried managers, clerks and typists etc.

Expatriates are non-Fiji citizens who stayed in Fiji.

Working proprietors include all individual proprietors and partners who are actively engaged in the work of the establishment. Silent or inactive partners should be excluded unless they participate actively in the work of the establishment.

Unpaid family workers include persons living in the household of any of the proprietors of the owning establishment and working in the establishment without regular pay for at least a third of the normal working hours of the establishment.

STOCKS

- 54 Include all stocks.

NET EARNINGS AND TAXES PAID

- 55 This is the net profit of your establishment\enterprise from the profit and loss account. The following method would enable you to check if all the information from the trading, profit and loss account have been entered onto the questionnaire:

	Income [Code 020 + 091]	\$
less	Expenditure [Code 082]	\$
equals	Profit (+)\Loss (-) [Code 092]	\$

EMPLOYMENT AND COMPENSATION OF EMPLOYEES

51		NUMBER EMPLOYED	GROSS WAGES AND SALARIES PAID	EMPLOYER'S CONTRIBUTION TO FNPF ETC	PAYMENT IN KIND
		(1)	(2)	(3)	(4)

			Amount (\$)
55	Net profit\loss of your establishment\enterprise. If this does not agree with question 55, please give reasons _____	092	
56	Taxable income of your establishment\enterprise	093	
57	Amount, if any, of previous year losses that was deducted before arriving at the taxable income	094	
58	Amount of Fiji Income Tax paid\payable by your establishment\enterprise.	095	

FIXED CAPITAL ASSETS

59 (7) Please ensure that:

The value given for depreciation should agree with the value given in question 49.

59 (5) This is the cost of new fixed assets and additions to the existing fixed assets made by the establishments own labour for its own use. Cost should be equivalent to labour costs plus value of materials at cost.

59 (g) Valuables include:

- (a) Precious stones and metals (e.g. diamonds, non-monetary gold, Platinum and silver);
- (b) Antiques and other art objects (e.g. painting and sculptures); and
- (c) Other valuables (e.g. jewellery and collector items)

Notes: 1 Passenger-Kilometers refer to the sum of products obtained by multiplying the number of passengers carried on each flight by stage distance. The resultant figure is equal to the number of kilometers travelled by all passengers.

2 Seat Kilometers available is the sum of products obtained by multiplying the number of seats available on each stage flight by the stage distance.

Total may not sum due to rounding

* Domestic Flights statistics will be released once the data becomes available from the source
